Welcome to Aviair

As we celebrate our 35th year of operation, we offer even more reasons to choose Aviair for your Kimberley scenic air tour.

Nothing is more important to us than the safety of our passengers, crew and those who assist us in delivering an award winning product. We are proud to have once again been awarded the Gold medal for WA's Major tour and transport operator in 2017.

Aviair is the only scenic tour operator in the East Kimberley to maintain their aircraft in accordance with commercial airline standards – rest assured you are in safe hands.

With significant bases in Kununurra, Broome and Karratha, we have invested heavily in our fleet to ensure it is the youngest and best presented fleet of aircraft operated in Australia's north-west.

All of our aeroplanes are air-conditioned, with large windows and high wings for ultimate scenic views. Our skilled pilots provide an informative commentary as you fly over some of the most beautiful scenery in the world. Aviair aeroplanes all have a centre aisle for easy access and greater headroom and legroom than other scenic flight planes in the Kimberley. Our aim is that you leave us with memories of a scenic experience of a lifetime.

As well as operating scenic air tours that have earned us multiple tourism awards, we have a significant charter flight business sector with corporate and private clients throughout Australia's north-west. In addition, we are a small regional airline with flights servicing remote towns and communities. Our aircraft maintenance support team is based here in Kununurra.

Once you land in Purnululu National Park your guide will drive you closer to the Bungle Bungle Range. Walk amongst the famous eroded towers and black and orange banded beehive structures on the Domes Walk. Your guide will take you into Cathedral Gorge, where the towering cliffs open up to form a space with awe-inspiring natural acoustics. View the bed of Piccaninny Creek, which flows only in the monsoon waterfall season. The walk distance is approximately 3km. TOUR CODE G

Spend the whole day on the ground in Purnululu exploring Cathedral Gorge, The Domes and Echidna Chasm.

Commence your day tour with a one hour scenic flight from Kununurra in an air-conditioned, high wing aeroplane. Fly over the Ord Irrigation Area, Lake Kununurra, the Ord Top Dam wall and the full expanse of Lake Argyle. View the Carr Boyd Ranges, Osmand Ranges, the Ord River and Bow River.

Once you land in Purnululu National Park, take part in the Cathedral Gorge and Domes walk as in the B1 tour, see tour description on opposite page. Then continue on to the northern gorges of Purnululu which are quite different to Cathedral Gorge and the Domes at the south. A 65 minute drive takes you along the Western Wall of the Bungle Bungle Range. A rocky path leads your walk into Echidna Chasm, which narrows until it is just two shoulders' width apart. Gazing skywards to the bright blue sky, the orange towering walls look as if they are lit from within. Livistona palm trees cling to the vertical sides.

A high level of mobility is required for this 1.5 hour walk as it includes walking over rocks, walking around boulders and climbing small ladders with handrails.
