by Michael & Kate McConachy

As we celebrate our 36th year of operation, we offer even more reasons to choose Aviair for your Kimberley scenic air tour.

Nothing is more important to us than the safety of our passengers, crew and those who assist us in delivering an award-winning product.

Aviair is the only scenic tour operator in the East Kimberley to maintain their aircraft in accordance with commercial airline standards – rest assured you are in safe hands.

With significant bases in Kununurra, Broome and Karratha, we have invested heavily in our fleet to ensure it is the youngest and best presented fleet of aircraft operated in Australia's north-west.

All of our aeroplanes are air-conditioned, with large windows and high wings for ultimate scenic views.

Our skilled pilots provide an informative commentary as you fly over some of the most beautiful scenery in the world. Aviair aeroplanes all have a centre aisle for easy access and greater headroom and legroom than other scenic flight planes in the Kimberley. Our aim is that you leave us with memories of a scenic experience of a lifetime.

As well as operating scenic air tours that have earned us multiple tourism awards, we have a significant charter flight business sector with corporate and private clients throughout Australia's north-west.
